ABOUT

EBREEZ LTD

EBREEZ LTD is a UK-registered international trade brokerage and sourcing company dedicated to connecting businesses in the Libyan market with trusted manufacturers and suppliers worldwide.

We act on behalf of our clients by identifying qualified manufacturers and suppliers, preparing Requests for Quotation (RFQs), coordinating commercial negotiations, and facilitating international procurement procedures.

In addition to our core trade brokerage services, **EBREEZ LTD** is engaged in complementary commercial activities that support international trade and cross-border business cooperation.

Our management team brings extensive experience in the Libyan market, with a strong understanding of local business practices, procurement procedures, and commercial requirements. This expertise enables us to effectively bridge the gap between international manufacturers and Libyan buyers while facilitating transparent, efficient, and reliable business relationships.

EBREEZ LTD operates solely as an independent commercial intermediary. We do not purchase goods for resale or take ownership of products. Final commercial invoices are issued directly by the supplier in the client's name, while payments are conducted through Irrevocable Letters of Credit (L/C) or other internationally recognized and legally compliant payment methods agreed upon by the contracting parties.

Our Vision

To become the preferred international trade brokerage partner connecting the Libyan market with leading manufacturers and suppliers around the world through professionalism, transparency, and long-term business relationships.

Our Mission

To simplify international procurement by providing reliable sourcing, professional commercial coordination, and efficient trade brokerage solutions that create sustainable value for both clients and suppliers.
